

Alan Patzik

(client)

Alan hired you as a Real Estate Agent in 2008

Top qualities: Great Results, Expert, High Integrity

“We engaged David and his team to assist us in assessing options related to our facility needs. David reviewed our needs and presented a number of strong options that fit our criteria. He negotiated aggressively on our behalf and helped us work a deal that met our stated objectives. David's team stayed with us and provided continuing support through the relocation process. Specifically, when our design team fell down on the job, David's organization stepped in and provided space planning and design services that allowed us to get into our new space on time and on budget. David and his team were customer focussed, hardworking, dilligent and integroug throughout the process. They did a great job and we highly recommend David and his team.” *May 24, 2010*
